

MetroCHOICE™ Organic Premium Lawn Care Program **from Metro GreenScape**

Your lawn and landscaping are generally the first views that people have of your home. What do they see? Is it what you want them to see? Is it what **you** want to see?!

We are the experts in lawn and landscape maintenance. And our ***MetroCHOICE™ Organic Premium Lawn Care Program*** is designed to give you access to experts on a weekly, monthly, quarterly or annually basis!

Programs start from \$225 monthly for a typical 1/3-acre lawn.

We're the **perfect choice for you** if you can answer "yes" to these items that bother you:

- You've fired and hired lawn crews more than one time
- You're tired of sloppy work and careless practices
- You're tired of doing the work yourself
- You're ready to make a change because your current lawn crew can't make you happy
- You can't keep up with the lawn work to maintain the image in your neighborhood
- You just want to enjoy your yard and let an expert take care of it for you!

OK...Here's how Our Expert Program is Different

1. We use mulching blades in the fall to recycle the nutrients into your yard.
2. Your front landscape bed is always free of weeds.
3. We use a professional lawn-striper kit on our lawn machines to give defined lines in your yard, cutting in two different directions to add beauty and health to your lawn.
4. We remove yard clippings from your driveway, patios, hardscapes, deck, etc.
5. We will check for possible stoppages in the bottom of your gutters.
6. We will clean all the cobwebs off the home on the first story.
7. We custom-adjust our lawn machines to proper cutting height each quarter while always maintain extra-sharp blades on all machines used on your lawn.
9. We give you one contact for any need you have for your lawn and outdoor living.
10. We always answer the phone at the office or calls returned by the end of the day.
12. Our job foremen always speak English.
13. We leave a door hanger each visit to let you know the services we provided.
14. We schedule your lawn service for the same time every day of each week for your planning and convenience. And if weather should interrupt our schedules, we will contact you.
15. You will always receive special pricing on all other services and priority scheduling, including last-minute lawn services for family or social gatherings/events.

16. We always have quality control checks behind our teams to ensure the best quality.
17. We always do what we say we will do.
18. We will pay attention to potential issues around your lawn and home to alert you and make recommendations for repair or course alterations before a minor issue becomes major!
19. We love lawn and landscape maintenance and pleasing customers...and it shows!
20. Our teams travel in nice, clean, professional trucks and crews in uniform. The presence of our staff will not distract from the image of your neighborhood.
21. Our teams are trained in professional edging and trimming techniques for proper finishes to match your lawn's cut.
22. We always carry premium lawn seed for occasions when we have to cut your lawn in damp conditions in case our lawn machine leaves a wheel track. We will seed these tracks before weeds have the opportunity to grow in the tracks.
23. Our crews always remove all litter, debris and sticks before lawn cutting.
24. We always clean our lawn machines between lawns so that we don't bring weeds or Bermuda grass into your yard if you have Fescue.
25. We will coordinate all organic fertilization and weed maintenance programs.

We will customize a lawn and landscape maintenance program for you on a weekly, monthly, quarterly or annual basis!

If you want a higher degree of specialization, care, professionalism and genuine interest in your property, please contact us at 704-504-0980.

We look forward to taking care of your property, lawn and landscaping this week!
